

STATEMENT OF SUBSTANCE OF INTERVIEW

Applicant appreciates Examiner Yoo's participation in a telephonic conference of May 29, 2008 with Applicant's representative, Benjamin Keim. Applicant wishes to thank the Examiner for his time and consideration.

During the interview, the claimed subject matter of the application and the AIM 3/11/01 reference were discussed. In particular, Applicant presented arguments along the lines of those set forth below in the section entitled "Claim Rejections 35 U.S.C. §102". Specifically, Applicant presented arguments as to how the subject matter in the reference fails to disclose features, such as signing in a most recently signed in user account onto an online service.

Also discussed during the interview were proposed amendments to the claims. In the interest of expediting prosecution of the application, and without conceding the propriety of the rejection, Applicant proposes to amend the claims to further clarify features of Applicant's claimed subject matter.

The Examiner indicates that an updated search would be needed, and requests that the proposed amendments be presented in writing. Applicant submits the amendments in writing in this Response to the Office Action.

Accordingly, Applicant amends the independent claims herein, as discussed during the interview. Applicant submits that all of the pending claims are in condition for allowance.
